Toyo Denki Seizo K.K.

Announcement of Exhibit in System Control Fair 2017

This is an announcement of our company's participation as follows with an exhibit in System Control Fair 2017, an event with the concept of introducing leading-edge automation and measurement technology, to be held at Tokyo Big Sight from Wednesday, November 29 to Friday, December 1, 2017.

Details

1. Title: System Control Fair 2017
2. Dates: November 29 (Wed.) – December 1 (Fri.), 2017, 10:00 – 17:00
3. Venue: Tokyo Big Sight (Tokyo International Exhibition Center)
4. Display Booth: 4-31, West Hall 4
5. Display Content:
 - (1) Demonstrations of systems compatible with remote monitoring, safety measures, process control, and traceability, together with related products.
 - New types of IoT-compatible CPU modules (high-speed, high-performance FA controller μ GPCsH)
 - EtherCAT-compatible inverters
 - (2) Product introduction panels featuring ED motors, VF66B inverters, remote monitoring systems, and other products.

For more information on System Control Fair 2017, please visit the exhibition's website (<http://scfmc.jp/en/>).
